

ARISA-TACK

Hot Melt Adhesives for Non-Woven & Hygiene

Arisa Baspar Pars

Product Description

The market for non-woven products is the largest area for the use of hot melt adhesives worldwide. All disposable hygiene products use them in their construction and application processes, so the adhesive plays a vital role in the performance of the final products. Our hot melt adhesive is practical, sustainable and fully capable of serving this diverse and demanding market.

Features

- high heat resistance
- high cohesive strength
- adhesion to complex surfaces
- can be used at low temperatures
- water resistance and waterproofing
- compliant with international standards

Product	Viscosity (cp) at 180°C	Softening point (°C)	Open time	Color	Application	operation temp(°C)
ARISATAACK 1401	1000-2000	110-120	Long	White pellet	Baby diaper Feminine hygiene Adult incontinence sanitary napkin	160-190
ARISATAACK 1402	2000-3000	110-121	Medium	White pellet	Baby diaper Feminine hygiene Adult incontinence sanitary napkin	160-190
