

ARISA-TACK

Hot Melt Adhesives for Bookbinding

Arisa Baspar Pars

Product Description

Bound to last from the first page to the very last, we produce hot melts that provide outstanding spine gluing, side gluing, end gluing, casing in and tip-in applications. Our bookbinding adhesives give superior page pull strength and assured bonding, creating durable spines that can be trimmed just a few seconds after binding.

Features

- Excellent page pulls and flexes
- Excellent aging stability
- Resistant to most inks and solvents reducing glue line failures
- solvent resistance
- high page fastening strength
- can be used at low temperatures
- compatible with different types of raw paper materials
- quick drying and easy application
- compliant with international standards

Product	Viscosity (cp) at 180°c	Softening point (°c)	Open time	Color	Application	Operation temp(°c)
ARISATAACK 3401	3000-4000	80-90	Short	Yellowish pellet	Bookbinding Spine gluing applications High quality books, Photo ,Catalogues, Magazines, Brochures	160-190
